Re: Nebraska Republican Federal Campaign Committee
Identification Number C00032334
Year End Report (12/1/05-12/31/05)

This letter is in response to the commission's letter dated February 17, 2006, referencing our 2005 Year End Report. The commission requested additional information regarding the disclosure of administrative expenses.

The commission noted that our committee's November and December Monthly reports as well as the Year End report disclosed limited payments for administrative expenses. Because the months in question fell during an off-election year, our administrative costs were lower than normal and our reports reflected this fact. All expenditures were disclosed on the original report and the administrative expenses included all costs associated with daily administrative activities, including utilities, office supplies, equipment, telephones, etc. Please note that no disbursements were recorded for rent because our committee owns the building out of which we operate and therefore no rent payments are made. Additionally, all employees who spent more than 25% of their time on Federal election activities or activities in connection with a Federal election were disclosed on Schedule B supporting Line 30(b).

Sincerely,
Jessica Moenning
Executive Director
